“ Danny was always a devoted husband, father, grandpa & kind friend! We shared so many good times at Cedar Creek holidays with my entire family and his. He had a great sense of humor and I loved when he would break into a random song now and then! I'll really miss “watching Aggies” with him via text! We love and will always hold you in our hearts. “ I love you Dad!! I miss you so much and will always be grateful for everything. You have made such a difference in this life on earth for me and so many others. Your life here will live on through myself, others and your here. I'm so glad I was able to be there with you as you transitioned into your next level and know that you'll still always be my hero. Only now, you have big angel wings and joined an army of loving angels to watch over me and the rest of our family like the 12 man always ready. I am glad your at peace and no longer in pain and dealing with the sickness you had here on earth. You taught me so much and were the most patient and methodical person I have ever met and I'm so proud that you are my Father. Fly high and see you when God calls me. I know you'll be there. I miss you and love you, Dad!
