

## Perry Lee Blevins

December 5, 1965 - January 2, 2019

Perry Lee Blevins, 53, went to be with the Lord on January 2, 2019.

Perry is survived by his two children, Madison and Mitchell and his former wife, Kathleen, his mother Donna Mae Blevins, brother Brad Blevins and his wife Cynthia and their two children, Carissa and Karsten, brother Scott Blevins and his wife Leah and their children Zachary, Abigail and Eden. He is preceded in death by his father, George Douglas Blevins and is survived by numerous other family and friends whom he dearly loved.

Perry was born on the 5th of December, 1965 in Bartlesville, Oklahoma. Perry's pride and joy were his two kids, Madison and Mitchell. Perry never let a conversation go by without mentioning them. He graduated from the University of Oklahoma with a degree in Marketing in 1988 and was a proud member of Lambda Chi Alpha fraternity. He never met a stranger and could make anyone laugh within seconds of meeting them. He had a kind soul and a charismatic personality that lit up any room that he was in. His children and family meant everything to him and loved each one of them with his whole heart.

Perry was involved in many groups and was surrounded by many friends over the years. Anything he was involved in, it was done with passion and with love from his heart. With that, he was able to touch the lives of many people and made a tremendous impact. For anyone that knew Perry, he had such a fun and light spirit but could also give life advice for any type of situation.

“ Perry and I met at Sat. Morning Men's Bible Study at FUMC Mansfield 12 years ago. The first thing we did together was to unload pumpkins for the Church pumpkin patch.

We were accountability partners for many years.

We had fun times together, one time that comes to mind is when our Men's group went on a weekend retreat. During free time, many men were playing cards and domino's, but we brought a couple of movies, Young Frankenstein and Blazing Saddles. We were busting out laughing and then realizing probably not the most appropriate movies for the weekend.

Madison and Mitch were the love of his life. He absolutely adored you two . We have enjoyed seeing you both grow into fine adults.

We will miss him terribly but so glad we got to him and laugh with him.

God Speed my friend!!

“ Heartbroken!! I was a close friend when we were at OU. To know Perry was to love him, how could you not! He had a bright light that would draw you in!! Perry had a way of making you a better person and he did that for me! I will cherish my memories of Perry always!! Sending as much love as I can to his kids and family. I have no doubt that he is in a better place !!

“ Perry and I met at OU in 1984. I knew within minutes what a genuine and kind person he was. From that moment on, we were buddies and latter fraternity brothers. After OU, we were roommates in Dallas for a year and had a blast. We definitely did not have much money but I don't know anyone who had more fun then we did. When Perry moved away, we didn't keep in touch as often but he would call and check up occasionally. Life moves on for all of us and we slowly lost touch but I always missed my bud. Perry, always with a smile and kind words for everyone just made people smile. Lucky for me, we recently reconnected. Not too long ago we had lunch together and started telling stories of old. We laughed so hard my stomach hurt the next day.

Perry was so proud of his kids. I liked how he would beam with pride telling me about Madison and Mitchell and their accomplishments. Perry was a kind soul and wanted the best for everyone, a happy and blessed life. Today I am a sad man and miss my buddy.

“ Perry was my partner at BBVA Compass Bank. The moment we met we hit it off. He was so helpful and could always make me laugh. I'm honored to have known him. Sad that he's gone. He sent me the most business out of all of my partners LOL! Sending prayers of peace and comfort to the family for your loss. He will be missed.....

“ I met Perry in 1984, at Walker tower dormitory at the University of Oklahoma. We both resided at Walker tower established an acquaintemce during the fall semester. The next spring semester we both pledged to the Lambda Chi Alpha fraternity. Being in the same pledge class and going back and forth from Walker and the frat house we established a close friendship. The next year He and I roomed together ima small house and the we're room mates at the fraternity house. We were not just room mates but hung out together quite a bit, and went on a number Double dates together. Perry was frequently invited to sorority parties and would have more t shirts from those parties than any one in the entire fraternity! His tall dark and handsome look as well as his charming and outgoing personality made him very popular with the college coeds. I sometimes thought I got attention just because I was hanging around him . Being his roommate, I have many memories of Perry; some which I couldn't share here . But one that is vivid is when one spring break, he and I were feeling sorry for ourselves because we didn't have the funds to go to south padre island as many of our other friends had. So we very sour if the moment decided to drive to padre island, borrowed a tent from an upper class man and made the long drive. We arrived late at night and it was so late and dark we couldn't even figure out how to put up the tent. So we just slept out under the stars listening to the break of the waves. It Didn't matter, we were there and had a great week in the beach. Perry's personality was magnetic, and always drew a crowd.

After college, Perry was one of the groomsmen in my wedding. Which, is the last time I saw him in-person. We stayed modestly connected over the years via text and Facebook.

I know how proud he was of Madison and Mitchel. My thoughts go out to Madison, Mitchel and Donna during this time of their loss.

I wish I had done better staying in contact with Perry. Though decades have passed, the loss of him in my life is extremely sad for me. He is my college best friend and buddy.

I can say with all confidence from knowing him well, that Perry accepted Jesus Christ as his lord and savior, and is in heaven now. Until my time comes to join him there, I

will miss him on earth below.

“ I had the honor of working with Perry in the banking and credit card industry for several years. Perry was always so resourceful when it came to customer satisfaction and what was in the best interest of our company. Perry was a leader in making his sales goals.

Perry was such a proud Dad. He loved his children dearly and wanted only the best for them.

Perry, I know you're already smiling down on us thinking of something really silly to

make us laugh. May we all pass along to Perry's family his smiles and compassion. Perry, we've got this...carry on Man.

“ I had the privilege of working with Perry for a short time; he was a mentor to me in the merchant business. I recall a time we traveled together for a regional meeting in Austin when he opened up to me about his past experiences in life and where he was now. He shared the low times and how he rebounded from those and what it took to overcome them and prosper. Perry was so genuine and forthcoming with his words that it lowered my guard and I began to share some of my more unfavorable life experiences with him. He truly had a caring heart, was easy to talk too, and full of humor. I believe Perry educated me on how miniature goats are castrated during that drive as well! (He had them in his back yard at one point.)

I love you man! God Bless You Friend!!

“ I can't think of a time when Perry wasn't smiling! He was a kind, friendly, giving, and fun loving friend. We were prom dates and he couldn't have been sweeter. He left so many people with fond memories to hold in their hearts. He left a legacy of friendship and love. We're all blessed to have this angel watching over us.
